

said first connecting terminal and the second connecting terminal disposed facing each other being electrically connected by pressing;

A' (cont.)
said adhesive being the adhesive for bonding circuit members according to claim 7; and

at least any of said third adhesive layer standing adhered on the side of said first circuit member.

31. The circuit board according to claim 30, wherein said first circuit member is a semiconductor chip.

REMARKS

Applicants have amended their claims in light of amendments made under PCT Article 34 filed on March 13, 2000, entered at the International Stage in Japanese; and to delete multiple dependency, including improper multiple dependency, prior to calculation of the filing fee. In addition, in light of canceling of claims 23-25, new claims 28-31 have been added to the application.

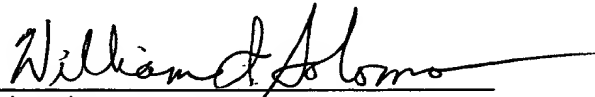

Entry of the present amendments, prior to calculation of the filing fee and prior to examination of the above-identified application, are respectfully requested.

To the extent necessary, Applicants petition for an extension of time under 37 CFR § 1.136. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to the Deposit

Account No. 01-2135 (Case No. 566.39636X00) and please credit any excess fees to such Deposit Account.

Respectfully submitted,
